DUE DATES and ESTIMATED PAYMENTS: Federal returns are due on April 15th of each year. If you are living outside the United States ON APRIL 15TH, you have an automatic extension to file until June 15th without any action needed on your part. If you are unable to file by the applicable date you MUST apply for an extension. Please note that we only apply for an extension if you contact us or if we have received your tax questionnaire and are not able to complete the return by the due date. State returns are due on April 15th and generally follow the federal extension dates however some states do not. When you ask us to apply for an extension we will include the state extension if we know your state of residence. Please note that most states will only grant the extension if you have paid 90% of the state tax due on the return by the original due date of April 15th. Estimated payments are due on the 15th day of April, June, September and January the following year. Most states require that you make payments to cover your estimated tax liability. If you have not made the required payments and file after the due date, even if you have applied for an extension of time to file, you will usually be penalized. We will be glad to provide you with help calculating estimated payments and provide payment vouchers upon request.

Did <u>ANYONE</u> included in this tax return purchase health insurance through the Healthcare Exchange (federal or state) as part of the Affordable Care Act (Obamacare) in 2022? <u>YES, we purchased health insurance on the healthcare exchange for 2022.</u> If yes, we <u>MUST</u> have your form <u>1095A</u> in order to reconcile the premiums with the IRS.

If you were uninsured or if you purchased insurance through your employer or from a commercial outlet no further information/action is required.

ITEMS BELOW ARE VITAL TO AN ACCURATE AND TIMELY RETURN.

Did you take a retirement distribution in 2020 that was designated as a COVID-19 distribution for which you deferred the tax liability over three years? YES NO

IF YES, we <u>MUST</u> have your 2020 and 2021 tax returns if they were prepared by other than RLE Tax, Inc.

Did you REPAY any of the COVID-19 related retirement distribution in 2022? YES NO IF YES, how much did you repay in 2022?

PROFESSIONAL EQUIPMENT

Please list ONLY equipment purchased with personal funds. Note, however, that the monthly funds you receive from HQ for computer equipment are considered personal funds and you should list these equipment purchases.

Most items of equipment used in your business are included in an IRS list with three broad categories:

1) Items requiring a written log to establish the business use %; 2) Items whose business use % may be documented by other methods; 3) Items not "listed" for which the business use % may be established by your conservative estimate.

The first category includes computers and any equipment attached to them -- either wired or wireless. In order to take a deduction for items in this category, you must indicate that you have in your possession a written log of the time you used the computer. There must be a separate log for each computer.

The log need only show the date, the hours/minutes the computer was used and the hours/minutes for business purposes. Equipment attached to the computer is presumed to be used the same % as the computer itself unless you can demonstrate otherwise.

NOTE: The law does allow for a representative sample in place of a complete year-long log. This sample should cover a period of at least one full month. If you have not kept the log, you can start it now and apply the result back to 2022

NOTE: If the item is 100% business use then no log is required.

The second category includes cameras, camcorders, IPods, audio recorders and players, projectors, etc. You need only to be able to testify that you have documents such as phone bills, pictures, videos, tapes, CDs, etc. that would definitely demonstrate the business use % you assign to the item.

A few items in the third group which could arguably belong to group two include assets such as musical instruments, PDAs and GPS units. The logic is that these are so directly linked to your business that the documentation is not needed.

Equipment purchases of \$250 or less are no longer depreciated. They will be expensed fully in the year purchased. This will reduce your record keeping requirements. Please group all similar equipment purchases where the individual purchase price is below \$250 by category based on the business use percent. For example if you purchased six different items where the business use percent was 75% and the total of all six items was \$350 (No single item over \$250) make one entry of \$350 with a business use of 75%.

Please review your asset list from your **2021** return (copy is included in your client copy tax return and is available in your portal), and list below <u>any changes</u> to last year's assets, including business use % or sale. Also, please list any assets purchased in **2022** along with the business use %. If any assets were sold, trashed or otherwise disposed of, indicate the date and sale price if sold.
